P.S.

The Pak-Ute Indian receives his Indian name from some <sup>individual</sup> act of theirs, or from something characteristic of the individual. Hence the absence of Indian names to many. The practice of naming in the Indian language is being discouraged, if for no other reason, in most cases, they are <sup>very</sup> vulgar and immoral, and do not follow any Sir name of Parents.

The difference between this census and the one for 1899 is so great as to deserve mention. This one was prepared with much care, and I believe it to be correct. This much, however, may be said for the previous one, that a considerable number of the Indians who at one time resided on the Reservation were absent in July, and were scattered about the country at Mason Valley, Smith Valley, and neighboring districts, and all the way from the Reservation to Keeler, California, a distance of over 200 miles. In fact there has been a gradual withdrawal of the Indians from the Reservation for several years, until the number has become much reduced. This withdrawal has been largely from necessity, the lack of work and of resulting want and destitution.

21448  
Annual Census.

(Painte)  
DEPARTMENT OF THE INTERIOR,

UNITED STATES INDIAN SERVICE,

Walker River School,

Schurz, Nevada.

August 5, 1910.

The Commissioner of Indian Affairs,  
Washington, D.C.

Sir:

Herewith annual census of the Indians of the Walker River  
Reservation.

034 I have spent considerable time trying to make this census an  
nearly correct as possible, but am not satisfied with it, as I can not  
decide what Indians should be enrolled here. I would like instruc-  
tions in the matter.

There are a number enrolled that have no allotments here or anywhere  
else that I can discover, but they are either married to allottees or  
immediate relatives of allottees and reside here. There are probably  
200 Indians in the surrounding country that would seem to belong here  
as much as anywhere. Either they or their ancestors resided here at  
one time but for lack of a means of support they scattered about and  
were not accounted for at the time allotments were issued. In fact  
there is no more irrigable land here that could be allotted to them.

24 I have often had difficulty to decide whether to issue ~~passes~~ R.R.  
passes or allow certain other privileges to such Indians, when it in-  
volved the question of the rights belonging to the Indians of this  
reservation.

I have so far refused to enroll such Indians, when there seemed

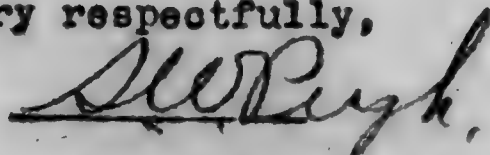

Annual Census-(2)

no particular advantage to be derived to them from doing so, further than to entitle them to the R.R. Passes, which are more likely to prove detrimental than otherwise, inasmuch as it encourages their nomadic habits.

In the case of the Dan family, (Lines 114 to 118, accompanying roll) not one is allotted. Yet they have resided here for several years, have the children in school here, and are farming land belonging to old Indians to whom they are related.

Very respectfully,

Superintendent.
